Description

+++ NETWORK NINJA +++

How about knowing every day when you get up that your work really counts. You are the one who makes sure that the technology runs like a well-oiled machine. This is the world of IT specialists for system integration at DENKINGER.

You are immersed in a world where problems are not seen as obstacles, but as challenges. A flaw in the system? This is your chance to shine. With an affinity for technology, mathematical understanding and a good dose of communication skills, you will find solutions that last.

And the best thing? You're never alone. You work in a team that is just as enthusiastic about technology as you are. Together, you'll keep logistics running smoothly, forming the bridge between modern IT and the daily requirements of an international logistics company. Welcome to DENKINGER.

Start of training
1. September

Duration of training
3 years

School-leaving certificate
Mittlere Reife/Abitur

Qualifications

IT specialists: for system integration should have the following qualities ...

- Enjoy working with modern technology
- Affinity for math and good English skills
- Technical and logical understanding
- Communication skills
- Programming skills are an advantage
