Description

Do you have an overview when others lose touch?
Do you think logistics not just operationally, but strategically – and do you know that real leadership means developing people and shaping processes?

Then we would like to get to know you!

As a fast-growing, medium-sized logistics company with a strong customer focus and a clear vision for the future, we are looking for you as **Head of Logistics (m/f/d)**. In this newly created key position, you will manage our logistics locations – and actively shape the future of DENKINGER.

Responsibilities

- You will be responsible for the **overall management and strategic orientation** of our logistics areas – with the aim of raising transparency, efficiency and customer satisfaction to a new level.
- You manage around **50 motivated employees**, develop teams and create an environment in which performance and cooperation go hand in hand.
- As **the first point of contact** for our customers and internal interfaces, you ensure smooth processes and sustainable cooperation.
- You rethink processes – with a clear focus on **lean management**, digitalization and efficiency.
- You establish **forward-looking KPI reporting** and stringent **store floor management**.
- You ensure compliance with all legal requirements and ensure a high level of security in operations.

Qualifications

- You have completed training as a **logistics foreman (m/f/d)**, a **logistics-related degree** or a comparable qualification.
- You have **several years of management experience** in a similar role – and see yourself as a role model and facilitator.
- You are experienced in **cost and process optimization**, ideally have sound knowledge of **lean methods** and understand how to make efficiency measurable.
- You are familiar with **ERP systems**.
- You work **in a structured, solution-oriented and forward-looking** manner – and have both strategic thinking and a hands-on mentality.
- As a manager, you are **communicative, clear in your decisions and approachable** in your daily interactions.

Job Benefits

- A responsible **key position** with a lot of creative freedom in a growing family business
- **Attractive remuneration** that does justice to your responsibilities

- A **modern company car** that you can also use privately
- Access to attractive **corporate benefits** and the **EGYM Wellpass**
- An open, appreciative working environment with flat hierarchies and short decision-making paths
