Head of Warehouse Logistics (m/f/d)

Description

Do you keep processes together, maintain an overview even when the pace is high and want to actively manage warehouse logistics? Then you've come to the right place.

As **Head of Warehouse Logistics (m/f/d)**, you will be responsible for the organization and further development of our warehouse processes. You will coordinate incoming goods, control warehouse management and ensure that cooperation between the warehouse, customers and suppliers functions reliably. You will take responsibility for day-to-day business and bring structure, efficiency and clarity to the processes.

Responsibilities

- Coordination and management of the entire warehouse processes
- Development of logistics concepts, budget responsibility and identification of potential savings
- Management, deployment planning and further development of logistics employees
- Creation of reports and statistics
- Support in the organization and optimization of warehouse logistics
- General administrative and operational activities

Qualifications

- Completed studies (business administration/logistics) or commercial training with appropriate further training
- Several years of professional and management experience in logistics
- Good IT skills (*MS Office, ideally warehouse management software*)
- *Analytical thinking, strong communication skills and assertiveness*
- Organizational talent and structured way of working
- Ability to work in a team, reliability and initiative

Job Benefits

- A secure job in a growth-oriented company
- Attractive remuneration and benefits
- A motivated and collegial team
- Structured induction and further training opportunities
- Varied and independent activities
- [Practical workwear and fashionable leisurewear](#)
- Very good working atmosphere
